Management's Discussion and Analysis, Continued

Since its formation, the ECCEDC has had the County's business recruiting entity, the Partnership for Economic Development (the Partnership), assist with the marketing of the available lots in the park. Specifically, the Partnership has marketed the Park at trade shows and interfaced with developers and commercial realty firms in identifying potential buyers of the lots in the corporate park. While the Partnership continues to promote the Park on its website and to inquiries for the development sites, marketing has been supplemented by the use of commercial realtors. See Major Milestones and Park Development below for more details.

Changing Board Policy to Fit the Changing Market

The Park was planned and constructed during the late 1990's in the midst of a major downturn in the County's economy. The philosophy behind developing the Park was to stimulate economic activity by offering the region a shovel ready site to attract commercial space, ideally Class-A offices, to Sullivan County in an effort to stimulate and diversify the economy. In 2019, the ECCEDC Board entered into an agreement with a commercial real estate broker to market the property.

The post-911 era appeared to underscore this rationale since the thinking after September 11, 2001 was that back office operations would look to relocate outside the New York City Metropolitan Area. Given these circumstances, the ECCEDC Board prohibited spec building in the Park and required a build to suit provision.

Between 2001 and late 2003 this management approach worked well in that Crystal Run Health Care Industries purchased three lots in July of 2002 and broke ground in June of 2003 constructing an 84,000 square foot medical center to meet their business needs. Brookside Homes (ABC XYZ, LLC), a major modular home corporation, purchased two lots in 2005 to construct a 26,000 square foot office building to house financial, governmental, and professional services. This proposed development never took place and the lots were sold in 2009 and again in 2015.

Between 2003 and 2005 a number of development firms took an interest in the Park but declined submitting offers on the remaining lots because of the prohibition on spec buildings.

In reference to regional commercial office space, a market analysis conducted by the Commissioner of Planning and the President and CEO of the Partnership in the winter of 2006 revealed a strong demand for commercial and corporate office space in Orange, Westchester, Putnam, and Rockland counties. Furthermore, these areas offered more flexible options for development while offering a closer location to the New York Metropolitan Area making it appealing for developers. In effect, this reality refuted the Post-911 assumption noted earlier. The new Board Chairman's position was that the ECCEDC should allow spec building in order to attract buyers given the competition in the Hudson-Delaware region.

Management's Discussion and Analysis, Continued

In the Spring of 2006, the Board approved the Chairman's recommendation on a case-by-case basis. Over the ensuing years, the Partnership received interest from several light manufacturing companies in the site, including a major cosmetic brand, but Town zoning limited permitted uses at the site to office development. In 2015, the ECCEDC Chair worked with the Town and the host community, represented by the Rock Hill Business and Community Association, to develop and enact amended zoning for the Park to expand the allowable uses. Among those added were light industrial, flex space and retail uses on those lots with frontage on the hamlet's main street of Rock Hill Drive. Subsequent to the change in zoning, the Board received one offer to purchase the site. Since the offer was substantially below the parcel's appraised value, and also appeared speculative, the offer was not accepted.

Description of Operations

The ECCEDC has no direct employees. Operations on-site are conducted via contract employees and other management functions of the Park are handled in-kind by members of Sullivan County staff.

The on-site contract employees include a water operations manager to oversee the corporate park water company and a local landscaping and snow plowing company to maintain the common areas of the Park.

Management functions of the Park are handled by the Planning Commissioner to oversee the contract employees and conduct site visits to the Park, and the Division of Planning to monitor the day-to-day expenses and prepare payments for Board member signatures. In 2021 and 2020, as a result of staff cutbacks, assistance on fiscal matters has been provided by staff on loan from the County Office of Management and Budget. Planning staff also prepares the agenda packets, including budget updates and expense reports, and minutes for ECCEDC Board meeting and of Board committees required by the New York State Authorities Budget Office (ABO). They address parcel marketing and response to maintenance issues as needed.

The Board is no longer responsible for the road and electrical infrastructure of the Park. The former was dedicated to the Town in 2004 and the latter was dedicated to New York State Electric and Gas (NYSEG) in 2005. The only remaining infrastructure is the water company.

Overview of Financial Statements

These financial statements are designed to provide readers with a broad overview of the Corporation. These statements have been prepared in accordance with accounting principles as prescribed by the Governmental Accounting Standards Board (GASB). The Corporation's basic financial statements comprise two components: the financial statements (a statement of net position, a statement of revenue, expenses and changes in net position and a statement of cash flows) and the notes to financial statements.

Management's Discussion and Analysis, Continued

The Statement of Net Position presents information on all of the Corporation's assets and liabilities, with the difference between the two reported as net position. Overtime, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Corporation is improving or deteriorating.

The Statement of Revenue, Expenses and Changes in Net Position present information showing how the Corporation's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenue and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. the accrual for accounts payable is expensed in a current year and recorded as a liability on the statement of net position for payout at a future date).

The Statement of Cash Flows is reported on the direct method. The direct method of cash flow reporting portrays net cash provided or used from operating, investing, capital and non-capital financing activities.

The Corporation reports its activity as a business type activity using the full accrual measurement focus and basis of accounting. The Corporation is a component unit of the County of Sullivan. Therefore, the results of the Corporation's operations, its net assets, and cash flows are also summarized in the County's government wide financial statements.

The notes to financial statements provide additional information that is essential to a full understanding of the data provided in the financial statements.

Financial Highlights

Statement of Net Position

The statement of net position presents the financial position of the Corporation at the end of the fiscal year, December 31, 2021, 2020 and 2019. During the year December 31, 2021, the Corporation's total assets decreased \$7,632. During the year December 31, 2020, the Corporation's total assets decreased \$14,826. Liabilities decreased \$2,789 at December 31, 2021 and decreased \$8,701 during the year ended December 31, 2020. The table below reflects the financial position at December 31, 2021, 2020 and 2019.

	<u>2021</u>	<u>2020</u>	<u>2019</u>
Current assets Other noncurrent assets	\$ 48,059	55,691	70,517
	<u>1,442,461</u>	<u>1,442,461</u>	<u>1,442,461</u>
Total assets	1,490,520	1,498,152	1,512,978
Current liabilities	<u>678</u>	3,467	12,168
Net position	\$ <u>1,489,842</u>	<u>1,494,685</u>	<u>1,500,810</u>

Management's Discussion and Analysis, Continued

At December 31, 2021, the Corporation's total assets were \$1,490,520 and total liabilities were \$678. Net position, which represent the equity of the Corporation, was \$1,489,842. At December 31, 2020, the Corporation's total assets were \$1,498,152 and total liabilities were \$3,467. Net position, which represent the equity of the Corporation, was \$1,494,685.

The decrease in net position of \$4,843 during the year ended December 31, 2021 was due to a number of factors which include a decrease in prepaid insurance (\$4,762) and due from County of Sullivan (\$23,667) and offset by a decrease in accounts payable (\$2,789). The decrease in net position of \$6,125 during the year ended December 31, 2020 was due to a number of factors which include a decrease in cash (\$5,788), prepaid insurance (\$6,678) and due from County of Sullivan (\$3,056) and offset by a decrease in accounts payable (\$8,701).

Current Assets

At December 31, 2021, current assets decreased \$7,632, or 13.70%, compared to the previous year. The reason for this was due to a decrease in the amount Due from County of Sullivan. At December 31, 2020, current assets decreased \$14,826, or 21.02%, compared to the previous year. The reason for this was due to a decrease in the amount Due from County of Sullivan. Current assets consists of cash, accounts receivable and amounts Due from County of Sullivan.

Current Liabilities

At December 31, 2021, current liabilities decreased \$2,789, or 80.44%, compared to previous year. This was due to a decrease in accounts payable. At December 31, 2020, current liabilities decreased \$8,701, or 71.51%, compared to previous year. Current liabilities are those liabilities that will be paid within one year. This was due to a decrease in accounts payable.

Statement of Revenue, Expenses and Changes in Net Position

The statement of revenue, expenses and changes in net position presents the Corporation's results of operation.

- Total operating revenue for 2021 and 2020 were \$55,369 and \$55,677, respectively, which consist of support from the County.
- Operating expenses for 2021 and 2020 were \$60,212 and \$61,802, respectively, which includes water company operating expenses, insurance, professional fees, repairs and maintenance and miscellaneous expenses.

The following table reflects the changes in net position for 2021 and 2020.

	<u>2021</u>	<u>2020</u>
Operating revenue	\$ 55,369	55,677
Operating expenses	60,212	61,802
Change in net position	\$ <u>(4,843</u>)	<u>(6,125</u>)

Management's Discussion and Analysis, Continued

Revenue Overview

	<u>2021</u>	<u>2020</u>	<u>2019</u>
County of Sullivan	\$ 55,369	<i>55,677</i>	60,401

At December 31, 2021, total revenue decreased \$308, or 0.55%, compared to previous year. At December 31, 2020, total revenue decreased \$4,724, or 7.82%, compared to previous year. This was due to a decrease in revenue from the County of Sullivan.

Expense Overview

	<u>2021</u>	<u>2020</u>	<u>2019</u>
Water company	\$ 44,935	40,269	37,509
Insurance	5,802	6,678	9,826
Professional fees	4,500	10,250	4,500
Repairs and maintenance	4,700	4,330	5,045
Miscellaneous	<u>275</u>	<u>275</u>	<u>275</u>
Total expenses	\$ <u>60,212</u>	<u>61,802</u>	<u>57,155</u>

At December 31, 2021, expenses decreased \$1,590, or 2.57%, compared to previous year. At December 31, 2020, expenses increased \$4,647, or 8.13%, compared to the previous year.

Major Milestones and Park Development

In previous MD&A assessments, we have made note of the restrictive zoning imposed by the Town which has created a challenge because it has mitigated flexibility of potential developers. However, in the winter of 2008, with the assistance of our County Legislator from District 9, the Town revised the zoning to allow a specific percentage of retail space of total development in the Park. In 2015, the Town zoning was further updated to broaden the allowable use mix for light manufacturing and flex space. In 2018, the Board commissioned an engineering firm to quantify and illustrate the building capacity on the remaining land and secured preliminary approval from the Town of Thompson Planning Board to subdivide the property at the fire road if desired. In 2019, the board entered into an agreement with Keller Williams Realty for exclusive marketing rights to the remaining owned acreage. Keller Williams has proceeded to present the property at commercial real estate events. It has requested a market feasibility study; Planning Division staff has provided general market data.

Keller Williams generated one lead which conducted due diligence on the property over a several month period, including reviewing the original DEIS, stormwater management plan, maps of water and sewer lines, and other documents, as well as - and speaking with the engineer who drafted the original site plan drawings. The party concluded that costs of development at the site were beyond the means of their project. The contract with Keller Williams expired in March of 2020 and was not renewed.

Management's Discussion and Analysis, Continued

Major Milestones and Park Development, Continued

In 2021, the remaining developable acreage owned by the ECCEDC was transferred to Sullivan County in order to facilitate construction of a new telecommunications tower to improve cellular communications in the area. There remains the potential to subdivide the property to sell that portion not used for the tower, should there be interest.

Factors That Will Impact The Future

As noted earlier, the ECCEDC currently owns no property in the Park, as the back lot was transferred to the County on December 3, 2020. It is expected that the County will subdivide the land required for the cellular communications tower and return the remaining acreage to the ECCEDC for marketing and development. In anticipation of this, and to support efforts for Park build out, the ECCEDC will continue to work with a commercial broker to aggressively market the property.

The costs of operating the water company have been an ongoing concern given that it has had only one commercial customer. In 2019, the Board reached consensus on transferring the water company to the Town under a draft agreement that would provide an initial subsidy for a certain number of years. This arrangement would have resulted in immediate cost savings. In early 2020, the agreement had not yet been finalized and several changes had occurred. One was a change in County elected officials which resulted in a change of Board members. More significantly, the development by the Center for Discovery of a major children's hospital and autism research center nearby on the southern side of Route 17 increased residential development pressures in the area. A proposed 300 - unit residential development on property adjacent to the ECCEDC could potentially generate revenue for the water company. The ECCEDC Board elected to not conclude an agreement with the Town at that time, in order to allow the County to explore the creation of a water district that would allow it to benefit from those residential connections.

After due diligence, the County concluded that the burdens of creating and operating the new water district outweighed its anticipated benefits. The Board intends to seek proposals from the town and private water companies for the acquisition of the Emerald Springs Water Company. In 2021, the adjacent hotel and event center property changed hands and is now the Hamaspik Resort, a retreat for families with special needs children of the Satmar religious sect. Management of the resort left word with the water company operator inquiring about potential use of Emerald Springs Water as there had been an agreement with the previous owner to provide water in case of an emergency. However, the resort has been unresponsive to follow up attempts at communications.

Request for Information

This financial report is designed to provide a general overview of the Corporation's finances for all those with an interest. Questions concerning any of the information provided in this report or request for additional financial information should be addressed to the management of the Corporation.
