

# COVID-19 TESTING SITES

## NYS Testing Sites:

<https://coronavirus.health.ny.gov/covid-19-testing>

NYS Department of Health COVID-19 hotline at 1-888-364-3065.

## Hudson River Healthcare

<https://www.hrhcare.org/covid-19/>

Your safety is our top priority. To continue your care and limit the spread of COVID-19, we are shifting most visits to telemedicine. A telemedicine visit is like a regular doctor's visit, but as a video chat.

For an appointment:

1. Call 1-844-HRH-Care (1-844-474-2273)
2. Text "telemed" to 21000

HRHCare is currently testing for COVID-19 at all sites.

At this time testing capacity for the COVID-19 virus is very limited in New York State, and therefore all testing is by appointment only. Most testing is reserved for hospitalized patients, high-risk patients, and patients with moderate-severe symptoms who have also had prolonged exposure to known cases of COVID-19.

Moderate-severe symptoms include:

- Temperature greater than 100.5 not responsive to medications for fever
- Severe Shortness of Breath
- Persistent Cough

## Crystal Run Healthcare

<https://www.crystalrunhealthcare.com/coronavirus-covid-19-outbreak>

Physician offices now have the ability to test for COVID-19 for patients who meet certain criteria. If you think you've been exposed to Coronavirus, **please call our hotline FIRST at 845-643-3909**, prior to coming to the offices or Urgent Care.

For more information about testing, visit [www.cdc.gov/coronavirus/2019-ncov/](http://www.cdc.gov/coronavirus/2019-ncov/)

If you think you've been exposed to Coronavirus, please CALL THE HOTLINE FIRST 845-643-3909 before coming to the office or Urgent Care.

**\*\*Please note we are now offering evaluation and testing to the community to include those not currently a patient of Crystal Run. \*\***

## **Orange Regional and Catskill Regional Medical Centers**

<https://www.ormc.org/blog/emergency-medicine/patient-evaluation-covid-19>

The triage tents set up outside of our Emergency Departments at Orange Regional Medical Center and Catskill Regional Medical Center are **not public testing facilities** and are a part of our alternate triage area process.

If you suspect that you are infected with coronavirus COVID-19, or have been in contact with someone with coronavirus, do not go to the hospital or to your doctor. You could infect other people including much-needed healthcare workers.

Contact your local health department and follow their advice.

- In Orange County call 845-291-2330
- In Sullivan call 845-292-5910

To register for COVID-19 testing, contact the state Department of Health COVID-19 hotline at 1-888-364-3065. The hotline is operational 24/7.

### **Ellenville Regional Hospital (Ulster Co.)**

Anyone who is seeking a COVID-19 test must have a script from their primary care provider! Those who do not have a primary care provider should contact the Ulster County COVID-19 hotline at 845-443-8888

Testing is performed by appointment ONLY 845-647-6400 ext. 269!

### **Middletown Medical**

**Covid-19 Testing Locations** <https://middletownmedical.com/covid-19/>
